Land Use*

Vacant Buildable Land

Developed Land

*Map shows vacant and developed land (using 2011 RIGIS Land Use data) where housing is as of right or by special use. Also shown is the former Zion Bible Institute site, designated as "Senior/Mixed-Use Village" on the Future Land Use Map. Areas shown in white are not developable due to restrictions such as environmental constraints, conservation easements, flood zone, zoning designations, lack of water or sewer, etc.
