

**Towns of Barrington and Bristol
Energy Efficiency Services for Town-Owned Buildings
Solicitation #838**

Addendum #1

1. Introduction, Paragraph 2 - As part of the narrative describing your team's approach to providing the requested services, please include an overview of how your team would address both commissioning and assessing project performance. **This is not a request to provide guaranteed savings. Rather, it is a request to clarify how your team intends to ascertain if projects perform as intended.**
2. Introduction, Paragraph 2 - It is the intention of both Barrington and Bristol to choose at least one of the Bidders responding to this RFQ as a partner for developing and installing measures in **any or all** town-owned or managed facilities **including but not limited to those listed in Appendix A1 and Appendix A2.**
3. Section 5, Item D ii, Description of Firm and Experience - Please limit response to five [5] single-spaced page sides or less.
4. Section 5, Item D iv, Project Experience and Capabilities, Specific Role of Team Members and Key Personnel - Please limit response to those personnel directly involved in the projects described.
